

TF MULESKINNER MED OPS/SAFETY ALERT

Don't want to wear your eye pro?

Eye injuries can be significantly reduced by use of approved Combat Eye Protection devices.

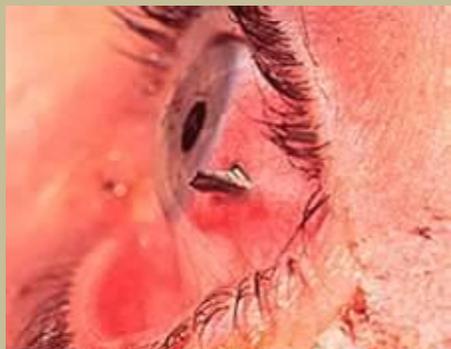

Penetrating injury to the eye from a screw.

Ever thought of being blind?

- 1) Can you see your family now?
- 2) What Army career?
- 3) Can you take me to?
- 4) Could you describe what the sunset looks like today?
- 5) Who's at the door?
- 6) I wish I could help you drive on this long trip?
- 7) No, I can't see the picture you drew at school today?

AFGHANISTAN 12-05

Metal debris with penetration to the eye while working on a construction site.

US infantryman with 'Sawfly' combat eye protection with an embedded piece of shrapnel
