

Safety Bulletin

Housekeeping and Ammunitions Holding Areas OIF SB-008

Whether you use an Ammunition Holding Area (AHA) or a Basic Load Ammunition Holding Area (BLAHA) to store munitions, **good housekeeping is your #1 Priority**

All High Explosive (HE) munitions must be properly stored when not required for immediate mission accomplishment. Properly store and secure all HE while on the FOB.

For questions on ammunition storage contact your ammunition handling personnel or your local QASIS expert.
