

GEAR UP!

FOR WINTER OPS

❄️ During daylight, rehearse emergency maneuvers slowly on ice or snow in an empty lot.

❄️ Steer into a skid

❄️ Know what your brakes will do: Firmly press anti-lock brakes, pump non-antilock brakes.

❄️ Don't idle for a long time with the windows up or in an enclosed space

❄️ Always take food, water, and cold weather gear

❄️ Have plenty of fuel.
