

# GET READY! FOR ROASTING MARSHMALLOWS!

## BACKYARD AND CAMP FIRES

- Be sure to clear away brush and dead or dry vegetation in a 10'-20' circle around your fire treatment.
- Don't place your fire pit under low hanging trees where errant sparks and heat might ignite dry foliage and branches.
- Never leave a fire unattended and keep a fire extinguisher or a garden hose with a sprayer nearby.
- Always make sure fires are completely out when finished.

ARMY SAFE IS ARMY STRONG
