

# GEAR UP! FOR THE HUNT

## FALL HUNTING

- Always point the muzzle in a safe direction.
- Never point a firearm or bow at anything you do not intend to shoot.
- Control the direction of the muzzle at all times. Never rest a muzzle on your toe or foot.
- Keep your finger out of the trigger guard until the instant you are ready to fire. Always keep the safety on until you are ready to fire; however, the safety should never be a substitute for safe firearm handling.
